Diameter: 15"
Power: 1200-Watts Max
FS: 23Hz

Deep Bass + High Efficiency for Less Dollars

NOW SHIPPING

Earthquake's DB Subwoofers come in different sizes like shoes come in different sizes, and they all three kick ass, like shoes do. They also all have high strength sand-blasted cones, textured jet-black baskets and stitched leads for deep, adrenaline pumping bass.

The DB subwoofers offer high performance, a killer new look and high efficiency all at a cost that is simply perfect, for any budget.

DB-10 \$165.00 a piece
DB-12 \$199.00 a piece
DB-15 \$250.00 a piece
