

TNT AMPLIFIERS

PRODUCT RELEASE

EARTHQUAKE
SOUND
Sound That Will Move You.

T2000WD/1

POWER AND VERSATILITY

The TNT amplifiers have the power and intensity that Earthquake is known for but with an affordable price tag. Everybody deserves a strong amp to keep up with their system.

There are enough options for any set-up and as TNT offers A/B and Digital solutions. The mighty TNTs also have patented output technologies with a more conventional unregulated switching power supply. Furthermore, these amplifiers are built with massive MOSFET power supplies and high quality circuitry that ensure more power and cleaner sound for less cash.
