

# Supernova MKV

High Powered Subwoofer

	12" MKV	15" MKV
(H) Height w/ legs	16" (407 mm)	17-3/4" (451 mm)
(W) Width w/ knobs	15-3/4" (401 mm)	16-1/2" (420 mm)
(D) Depth w/ grilles	20" (508 mm)	21-1/2" (547 mm)

The Supernova MKV is rated as "the most powerful LFE subwoofer" by Widescreen Review due to its ability to produce a deep high impact bass down to 18Hz and below without compromising the quality of sound.
