No Tools Required!
Just Plug In, Clamp On, and Play!

	300-XX	MQB-XX
(H) Height	9 1/2" (241mm)	3 1/2" (89mm)
(W) Width	13-3/16" (335mm)	2-3/4" (70mm)
(D) Depth	3-1/4" (82mm)	8-1/2" (216mm)

OBJECTIVE

Shell Shoxx is specifically designed for gaming enhancement, it is designed to "Put You In The Middle Of The Action"; exactly what serious gamers are asking for. Shell Shoxx perfectly complements all computer or TV video games: especially first person shooters, fighting & war games, car racing games, and action-adventure games.

Shell Shoxx is a complete set that includes our patented shaker with matching amplifier and all necessary wires. The shaker is essentially a subwoofer but instead of emitting sound, emits vibration. It is specifically designed to clamp onto any office chair base with its sturdy, vice-like arm. The Shell Shoxx amp has a powerful maximum output of 320 watts and is more than capable to handle the shaker's intense power demand.

With a sleek camouflage paint job, Shell Shoxx for sure will add another dimension to your gaming experience, for any age group in any environment.
