

INDOOR/OUTDOOR PCS6.5 (70V, 8Ω) LSA6.5

PCS6.5 with hanging mount

PCS6.5 with wall/floor mount

PCS6.5 with LSA6.5

Earthquake Sound is proud to announce the all-new PCS6.5 indoor and outdoor pendant speaker. The easy-to-install hanging suspension and wall mount choices allow the PCS6.5 to be installed in virtually any indoor or outdoor environment.

The PCS6.5 is available in matte black, however the unique enclosure finish allows the PCS6.5 to be painted to match any surrounding.

The hanging suspension offers excellent commercial applications such as being above lighting in a restaurant while remaining out of sight. The included wall mount allows for even more versatility such as wall, floor, or ceiling mounting, perfect for a Sunday barbeque on the patio.

In addition, Earthquake Sound offers the landscape speaker accessories, LSA6.5 (sold separately), for an even wider range of outdoor placement possibilities.

PCS6.5 Features:

- 25V/70V/100V/8-Ohm selectable
- UV resistant PP cabinet available in matte black
- Paintable to match any décor
- 6.5" polypropylene woofer
- 1" aluminum dome tweeter
- Mounting options: hanging suspension, wall mount, and the landscape LSA6.5 mount (sold separately)

PCS6.5
